Great service

They are just great. I pride myself in being a computer geek and love giving a hard time to the brainless kinko employees. The clerk at **business copy center** was great and helpful and was able to print all of my files from my flashdrive in no time. She was nice and helpful. They got my **business** for sure. Michael

Business Copy Ctr SW Santa Rosa

Virginie is the best. She is so thoughtful and considerate for **business** owners. She always offers the best customer service AND the best possible price. I couldn't believe how accommodating she is and always pleasant to work with. I can't recommend the **Business Copy Center** highly enough! Once you try them...you'll find it's like having a friend in the **copy business**. Trish Mairet, MA, MFTI, CMC Heart & Soul Care Management Elder Care Consulting & Workshops www.heartsoulcare.com

The copy girls at Business Copy Center

These two girls at our local **copy store** are just great. They are upbeat and know what they are doing with copying and shipping. I recommend them and their well organized store to everyone in Sonoma County. Sue
